

PMA Risk Control Services for Service American*

**Services included as part of the Service American contract*

Risk Management Assessment

Our Risk Management Assessment (RMA) offers the following:

- Analysis of your current risk management program to help determine interventions to prevent losses
- Evaluation of your historical losses to uncover trends that could point to future losses
- Identification of potential loss sources to help you discern their potential severity and impact
- Examination of human elements affecting your loss potential; i.e., employee selection, hiring strategies, underlying issues such as stress/employee comorbidities, time management and resource allocation

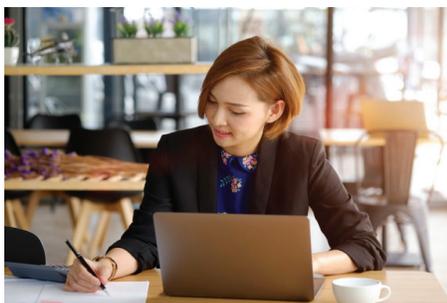

PMA Webservice®

PMA Webservice, our online portal of safety and risk management resources, provides information on emerging risk issues and key regulatory changes impacting employers today. Topics are related to workers' compensation, fleet safety, preventing liability exposures, healthcare, public entity, education, wellness, ergonomics, industrial hygiene and more.

PMA's Organizational Safety Institute®

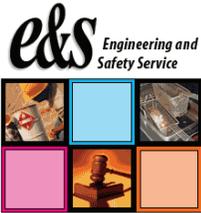

PMA's Organizational Safety Institute® offers online learning provided with a 360-degree experience. Each session is conducted live by PMA Risk Control professionals on emerging best practices, but is also recorded so that you can access a training at any desired time. Our four professional learning tracks include:

- *Leadership, Safety & Risk Management*
- *OSHA Compliance Pathways*
- *Emerging & Seasonal Issues*
- *Industry-Focused Learning*

Organizational and Safety Solutions Bulletins

PMA Webservice® offers access to easy-to-understand practical guides that address specific loss exposure and control situations. These information-packed bulletins prepared by PMA Risk Control professionals offer knowledge on-the-go.

Engineering & Safety Services (E&S™)

Engage with the portal of Engineering & Safety Services, also known as E&S™, a unit of the Insurance Services Office, Inc., for leading loss control reference information designed to help you evaluate and manage risk.

Safety Source Video on Demand

Safety Source Video on Demand is perfect for clients who need access to safety training videos 24 hours a day, 7 days a week. The service features more than 600 streaming video titles in both English and Spanish. Each video comes with a quiz and answer key that can be downloaded after each training.

Getting Started with PMA Webservice®

It's easy and convenient to access PMA Webservice®. PMA clients can register by going to the following link: <https://www.pmacompanies.com/support/risk-control-pma-webservice> to select any or all of these services.
